RESPONSE TO OFFICE ACTIONCommissioner for Patents
Alexandria, VA

Dear Sir:

This responds to the Office Action dated July 1, 2010.

Reconsideration of the above-captioned application is respectfully requested. Claims 1, 2, and 4-6 have been rejected under 35 U.S.C. §102 as being anticipated by Bogward, USPP 2004/0049743, and Claims 8-10, 12-14, and 16-19 have been rejected under 35 U.S.C. §103 as being unpatentable over Bogward in view of O'Leary, USPP 2003/0117425. Claim 21 has been rejected under 35 U.S.C. §103 as being unpatentable over Bogward in view of O'Leary and Retter, USPN 5,825,362.

Bogward is not prior art to this application. Its publication date is after the present filing date.

Bogward claims priority to an earlier-filed PCT application but as MPEP §2136.03(II)(A,B) clearly states:

"If the potential reference resulted from, or claimed the benefit of, an international application, the following must be determined:

(A) If the international application meets the following three conditions:

- (1) an international filing date on or after November 29, 2000;
- (2) designated the United States; and
- (3) published under PCT Article 21(2) *in English*...
